ESTABLISHED 1859

JOSEPHINE A. PHELPS ESTATE TO BE DISTRIBUTED

W. F. Chipman and The Union Trust Company of San Francisco, executors of the last will and testament of Josephine A. Phelps, deceased, have filed their final account and account shows that the receipts during the past year have been \$26,779.83 and the disbursements \$15,183.29, leaving a balance of \$11,596.54. It is the purpose of the executors to have the affairs of the big estate distributed to the trustees provided in the will so that they will have full charge of the estate in the future. The estate was appraised at a little over \$500,000. The trustees mentioned in the will are: W. F. Chipman and the Union Trust Company. The will bequeathed large sums to relatives of Mrs. Phelps and made numerous provisions. It will take many years to wind up the affairs of the estate. The attorney fees are \$4071.95 and the executors are to receive a similar sum. W. C. Sharpstein is the attorney for the executors. Mrs. Phelps died in San Francisco on December 5, 1916. The real property of the estate is located at San Carlos and Redwood City.

STES TO RECOVER FOR MATERIAL FURNISHED

Arnold Hess, through his attorney, Albert Mansfield, has brought an action in the superior court against Joseph E. Painter to recover the sum of \$171.96 for labor and material furnished in constructing highways at the defendant's home at Atherton.

LIBERTY LOAN TRAIN WILL VISIT REDWOOD

The celebrated special Victory Liberty Loan train of seven cars containing exhibits direct from the battlefields of France will arrive here this afternoon at 2:15 o'clock sharp. The train will remain long enough for all to see and inspect these old relics. An object of interest will be a Whippet tank that saw service in the front in the late battles of the great war. The interesting exhibit will certainly arouse the patriotism of the people and all will be present to make a thorough examination of the trophies of war. This is the only stop that the train will make in the county and it will jump from here to San Jose where another stop will be made. This train is traveling through the state to arouse interest in the Victory loan drive which is now on. Be at the depot sharp at 2:15 o'clock and view these relics from the battlefield front.

WAHL BUILDING SOLD TO J. P. WELLER

John P. Weller, manager of the Bank of Italy, has purchased the Wahl building for \$18,000. The sale is subject to confirmation of the court and this matter will be heard on April 26. Shortly after the confirmation the affairs of the estate will be wound up and the property distributed. H. C. Tuchsien, who made the sale, is the executor of the last will and testament of the deceased. The choice piece of property has been on the market for two years without an offer. The price paid is considered a fair consideration.

CITY BOARD IN REGULAR SESSION MONDAY NIGHT

Monday evening the city board met in regular session, Mayor Mable in the chair.

Professor S. P. McCrea addressed the board regarding the closing of Webster street between the high and grammar schools, who stated that he was requested to bring the matter before the board by the school trustees.

W. A. Crowell addressed the board opposing the closing of the street, who stated that he had interviewed three school trustees who told him that they were not in favor of closing the street and that they would prefer to submit the matter to a vote of the people.

Rev. F. A. Brown addressed the board, stating that his church would be glad to co-operate with the city in improving Webster street for a portion of their property in order to straighten and otherwise improve the thoroughfare. He spoke very warmly of beautifying the city by establishing a civic center in the vicinity of the city hall.

Insamuch a city attorney had been instructed to proceed with the board issue the board did not consider the closing of the street at this time.

A committee of ladies was present to further in interest of a swimming pool on a dhat houses on Elbow creek on the property of the Redwood Harbor Company. George A. Merrill, president of the company addressed the board and stated that his company was willing to donate the lumber and sand for the bath houses, but would be assured of proper management, morally and otherwise. When the board learned that the site was within the city limits they agreed to take charge of the matter and instructed Street Superintendent Ed. Schorn to proceed with constructing the houses, not exceed the sum of \$300.

The matter of purchasing a street roller was brought up and the city clerk was instructed to advertise for bids for a three-wheel, eight-ton machine, bids to be opened on April 21, 1919.

Mr. George H. Irving addressed the board regarding a complaint registered against his company about improving certain streets in Redwood Highlands. The board had investigated the matter and decided to let the matter rest for the present.

Professor B. E. Myers addressed the board and suggested that he, as chairman of the Community Council Committee, call a public meeting for the purpose of discussing the bond issue which is to come to a vote sometime next month. He suggested holding a mass meeting in the near future and have a few speakers, familiar with the subject, to explain in detail all sides of the question.

THE WEEK'S EVENTS IN LOCAL CIRCLES

Boys and girls are making a habit of playing on the steps and grass in front of the grammar school, high school and library grounds in the evenings. Climbing vines are torn down, trees destroyed and the lawns trampled upon. Parents are requested to put a stop to these depredations by seeing that their children are kept home during the evenings. Otherwise severe punishment will be administered.

Walter Murphy, formerly a drug clerk at the Young Drug store, but now manager of a large drug concern in Japan, writes to his friend, Clement Shields, to the effect that he will soon leave for the United States. NEW OWNERS OF AIRCRAFT PLANT INSPECTING PROPERTY

S. B. Harris of Palo Alto, who recently purchased the U. S. Aircraft plant, was here yesterday looking over the property and taking stock. Harris and other capitalists are going to organize a company to be known as the Aero-California Airplane Dye Company for the purpose of manufacturing airplane dyes. It was said yesterday that the present plant will be enlarged to double its present capacity. Should the enterprise be a success and those connected with the project are sanguine that it will be, it will be a big industry capable of developing into gigantic proportions. Those in close touch with its affairs say the dyes produced here will equal any that has been manufactured in Germany. Over \$100,000 worth of machinery will arrive here from the east in a few days and will be installed in the plant and work will begin in the manufacture of the dyes in a very short time.

FAXON GOMEZ WRITES HOME

The following letters was recently received by Faxon Gomez from his brother, Alex, who is in France with the U. S. army.

Dear Brother:—Received your letter and was sure glad to hear from you of course we are happy over it but not enjoying the kind of happiness that we are looking for when the day comes for us to go home. Just try to imagine being seven thousand miles from home and ready any day to start on our journey. You asked me for a "hug" or "kiss" I will bring you one. We had all kinds of souvenirs for you but when I was wounded they took them all away from me as they thought I would die. Will try to get some more before I sail I might surprise you by bringing home an English wife. Would grandma know like that? I surely was saddened by the news of Charles' death. I did want to see him once more but I shall see him, I hope, in heaven. We expect to go to Camp Kearny to be mustered out.

Hoping you are all well I am your brother,

ALEX F. GOMEZ.

MUNICIPAL BONDS TO COME UP FOR CONSIDERATION

The city trustees have directed that a bond election take place next month to raise \$120,000 to make necessary improvements in town. It is absolutely necessary that the money should be raised to do the contemplated work. The board has been putting off the matter from time to time in order to avoid the burden that would be placed on the taxpayer but the time has arrived when the improvements must be made in order to keep pace with the trend of progress.

Should the bond issue fail the board might be obliged to levy a direct tax which would entail very heavy burdens. Taxpayers should carefully consider this important matter. A bond issue that would cover a number of years would fall lightly on the people but a direct tax would burden them to the utmost.

A. S. LIGUORI AFTER CHAIR IN GRAND PARLOR N. S. G. W.

McSweney, F. A. Reynolds and Judge Lampkin, the campaign managers of A. S. Liguori, who is an aspirant for trustee of the grand parlor of the Native Sons, motored to San Jose on Wednesday evening to place the claims of Mr. Liguori before the San Jose parlor. They were enthusiastically received and the members gave assurance of the support of the parlor for Mr. Liguori.

At the last grand parlor Mr. Liguori came within five votes of winning. At the session of the grand parlor at Truckee next June he hopes to be chosen. Mr. Liguori is making a strenuous campaign for the place. He has worked diligently and industriously for the society for many years and is deserving of any honor that may come to him. For over ten years he has represented Redwood City parlor at the grand sessions throughout the state.

MILLION DOLLAR EDUCATIONAL AMUSEMENT FEATURE

Surpassing itself in magnificence and brilliancy, the popular Al. G. Barnes wild animal circus is slated for a visit to Redwood City on Thursday, April 24.

Ever since the organization of the Barnes Circus 25 years ago it has been the policy of this now big showman to present to the public a clean, clever, wholesome and instructive program, made up of only animal performers. As a consequence the rarest and the most valuable animals of the world have been assembled, until now they number more than one thousand, and each and every one has a circus stunt to do.

Barnes owns all of the circus, there are no rented concessions, nor rented railroad cars. Piece by piece the wonderful man assembled his now big investment. The largest single group of lions in the world are seen under the Barnes big canvas, thirty of them. Sampson, an immense lion, does Art Smith every performance, soaring to the top of the canvas surrounded by sizzling fireworks, and Venus Fashion twice a day faces death from those kings of beasts. In one act she puts her head in the lion's maw, and has the same beast take a strip of raw meat from her naked lips. Three horse-riding lions leap from the ground onto the backs of galloping horses, while others are seen in a rare pedestal and posing acts with other animals.

A group of Royal Bengal tigers in the hands of Miss Mabel Stark, an animal educator of world renown, amaze one with their learning. Leopards handled by a slip of a girl are taught to leap through the air, lie down at her bidding, jump through hoops of fire, while one feature is a quartette of horse-riding animals.

Nowhere else in the world have elephants, camels, llamas and zebras been taught to such a high degree of proficiency as in the Barnes Circus, whose talent is set forth in a 100 feature act program of purest gold.

Circus day will begin by a big two-mile long street parade at 10:30 a. m. Doors to the big top open at 1 and 7 p. m.

SUPERVISORS IN REGULAR SESSION

The board of supervisors met in regular session Monday, April 7, at 10 a. m., there being present John MacBain, chairman; T. L. Hickey, W. H. Brown, Jos. M. Francis and Dr. C. V. Thompson.

Attorney W. E. Creed of San Francisco, representing C. A. Hooper, addressed the board relative to the county taking over a private road that had been built by Hooper through his property to connect Jefferson avenue and the Canyada road in the Third Township. Creed explained that \$25,000 had been expended in the construction and maintenance of the road and that there was now considerable traffic over it. He stated that considerable irritation had been caused over the question of the right of the public to travel over it and his client had come to the conclusion that the best way to avoid this would be to have the county take over the road.

H. C. Tuchsien of Redwood City, who built the thoroughfare, addressed the board relative to the amount of money that had been spent upon it and also as to its value as a highway for this particular part of the county.

At the suggestion of Chairman MacBain, and on motion of Brown, seconded by Thompson, the board decided to inspect the road on a day named by the supervisor of the Third Township.

The board took up at this time the hearing of the application of Peter Kleinsorg of La Honda for a permit to operate an auto truck service between Redwood City and La Honda. Attorney Jas. T. O'Keefe of Redwood City representing A. W. Wether and H. E. Woodhams, both of whom are now operating auto freight lines between the above two places, appeared before the board to protest the granting of the permit to Kleinsorg. Attorney O'Keefe argued that there is not sufficient freighting business at the present to warrant the putting on of a third line.

Chairman MacBain said he understood that Kleinsorg was hauling loads over the La Honda road in excess of that allowed by the county ordinance. This, Kleinsorg, who was present, denied, stating that his truck which weighed a ton and a half, was equipped with four and six inch tires had not hauled more than three and one-half tons at any time.

The matter was laid over for one week for further investigation.

DOCTOR ASKS \$1,000 FROM ESTATE OF L. COBURN

A suit against the executors of the estate of the late Loren Coburn, millionaire eccentric of Pescadero, for a \$1,000 medical bill for attending Coburn during his last illness was filed in the superior court at Redwood City this week by Dr. N. D. Morrison of San Mateo, through his attorneys, Ross & Ross.

In his complaint, Dr. Morrison alleges that he attended Coburn during the latter's final illness last November, making many trips back and forth between San Mateo and Pescadero. He particularly mentions visits made on the 9th, 10th, 11th and 12th of November. The physician alleges that he presented his claim for \$1,000 to the executors of the estate on January 18th and that on January 30th it was allowed for only \$200. He then decided to bring suit to collect his bill.

The executor and executrix of the estate, against whom the suit is brought, are C. W. Wideman and Coburn's widow, Mrs. Sarah Coburn. Dr. Morrison asks for \$1,000 with interest at 7 per cent and costs of suit.

NEW VALUES

(Contributed by the San Mateo County Conference of Social Agencies.)

J. L. Hammond, in the Atlantic Monthly for March, again emphasizes, what we read and hear daily, the new sense of the whole of human life; and of the necessity to give to the individual the opportunity of a full development; he says:

"Let us imagine what a sacrifice it would make if we started boldly by asking what are the conditions that are essential to the good life and the free development, not of a class or a favored few, but of the community as a whole; if we put the industrial system out of our minds until we have decided what kind of a life a society ought to build for itself.

This is what the war has done for a great number of people. In one sense war must inevitably breed inequality and injustice. But it is true also that it is the nursery of a new spirit of justice. This war has been the opportunity of the common man.

War makes life cheap, but it does not make man's life cheap in his own eyes. The more ready he is to risk it for an idea, the greater the value he puts upon it. The soldier who returns has broken through the strongest force in our nature, the customary standard, the habit of accepting the world as he finds it. In the old world he was the instrument of a system; in the new world he means to be in some sense the master of his life.

This is a new moral force in our society; the presence of a great mass of men, conscious of sacrifices and services, who look at the world with new eyes.

The common sufferings of the trenches have taught a new philosophy to the soldiers: The experience of rationing has taught a new sense of equality.

Our bonds have been broken in another way. In one sense war exhibits more than anything else the impotence of man.

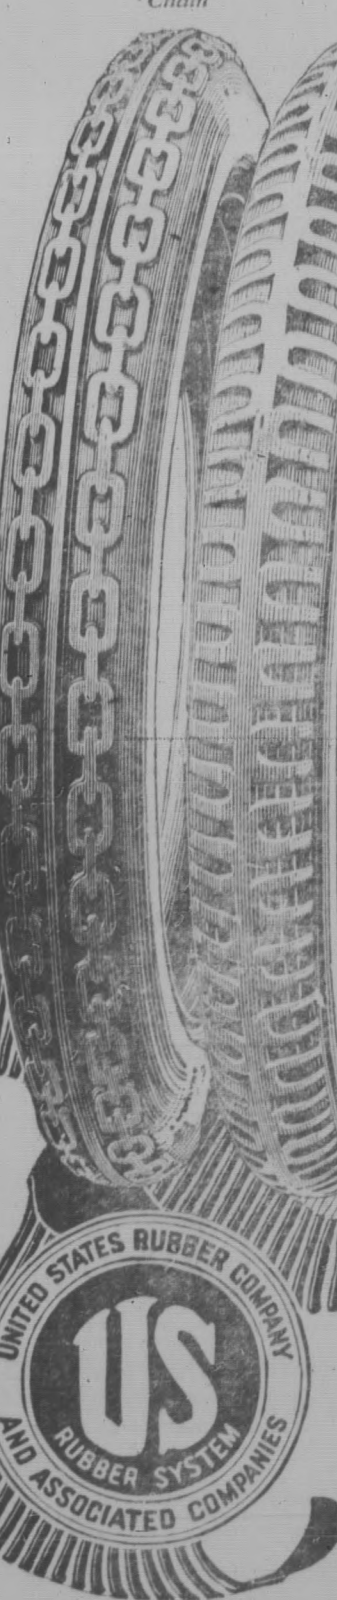

On the other hand, the war has revealed the wonderful resourcefulness of man.

It is seen that the human will and human energy have an infinitely greater power over the circumstances of life than anybody had supposed. New methods of organization, new forms of social effort, have been discovered."

And all the world seems now awake to the fact of common justice, that not only should individuals and groups of individuals be given opportunity for full development, but that they should be aided and taught how to embrace this opportunity.

DECISION OF JUDGE GRIFFIN CONFIRMED IN HIGHER COURT

Judge Buck on Wednesday confirmed the decision of Judge Griffin in the civil action of F. C. Banz against John D. Langor. Last August defendant collided with Banz on the highway, damaging his machine. Both men were in automobiles. Banz brought suit to recover the sum of \$64 and costs of suit and this judgment was awarded him by Judge Griffin on February 3. Defendant appealed the case to the higher court and that tribunal confirmed the decision.
